or size to obtain gauge

GAUGE
In overall pat, 31 sts = 4 in./10 cm
To save time, take time to check gauge.

SPECIAL NOTE
Scarf has a ruffled edge at each end and you will have to reserve enough yarn to complete 2nd ruffle. To estimate how much yarn to reserve for the 2nd ruffle, while working first ruffle, measure out approximately 50 in. of yarn at the start of row 6. Tie a knot at that point. Work row 6. See how much yarn you have left up to the knot. This will give you an estimate of how much yarn you need for one row. Multiply your number by 17 (16 rows for 2nd ruffle, plus the BO row). This is the approximate amount of yarn you need to reserve at the end.
